

Beat The Credit Crunch

Your Debts Recovered or NO CHARGE!

If you have debts or slow payers this service will help. Do you lose money every year because you don't want the expense or hassle of chasing money then this system could make an enormous difference to your cashflow.

We recognise that if you are already owed money you don't want to be spending additional sums if you are not going to recover any of it. For this reason unlike many other firms of solicitors, for a first letter **we will only charge if we get money back for you.**

This service is provided to you on a **no-win no-fee** basis and because a letter from us carries real authority and a sense of urgency, in many cases we achieve immediate results. If money is recovered we will charge you £40 or 10% of the amount, whichever is the greater*. If no money is recovered or you decide not to take the matter further, then **you pay us nothing, not even the price of the stamp.**

If the debt is defended our experienced litigation team will advise you of the likely charges to take the matter further.

For immediate action to recover your debts without financial risk to yourself, simply complete the details below.
